Hope Now Newsletter

Education Matters

When a generation of young people are educated it has the power to change the course of a nation. We have been talking about how important a proper education is for all the years we have been a home, raising a family and ensuring that every one of our kids is educated through college or vocational school. We have graduates in pharmacology, electricians, mechanics, an ophthalmologist and several nurses.

Chandappa graduated from Little Flower Degree College with a bachelor degree in Microbiology and Chemistry in May 2025. He works for Altron Laboratories. He has been working there since graduation. Chandappa has always been a hardworking and diligent student. He played for his college football team and became a team leader after one season. He recently called home to let us know he was promoted and got a raise. We are so proud of all his accomplishments.

- Education Matters
- Fundraising Season Begins
- Consider a Monthly Sponsorship

OCTOBER 2025

Fundraising Season Begins

December 2, 2025

Join us on this giving Tuesday. Roughly 30% of annual donations are made in December. For the nonprofit world, this is a critical fundraising time.

We have always been dreamers - a collective of like-minded people searching for a path to prosperity for a group of kids that no one else wanted. Our story is a brilliant, glorious, sometimes messy tale that started in a dusty, rural town hospital, then landed in Hyderabad as the kids got older and needed more options for education. Now, a group of young people determined to see their dreams realized, working to finish their college and vocational degrees and go out on their own to create a new story.

The reality is nonprofits rely on the generosity of others. Every dollar you give goes to our kids, their education, their metro pass and meals.

Your kindness sows the seeds of success!

**IMPACT A CHILD - IMPACT THE WORLD
WE ARE ON A MISSION TO CHANGE LIVES**

100% of your donation goes to supporting our kids.

Consider a Monthly Sponsorship

Sustainable giving in the form of a monthly sponsorship provides stability. For just \$49 a month, you can sponsor one of our kids and help us meet the needs required to maintain a quality education. This monthly support helps pay for a monthly metro pass, school supplies, tuition and more. You have the opportunity to ensure an HIV-positive young person goes to college and fulfills their dreams. **Be part of a life changing endeavor - give to Hope Now - a family, a home, a promise delivered.**
