*Jyothi at her new job.*

Not every student figures out what they want to do after they graduate. Jyothi spent time in various jobs after she got her Associates Degree in Auxillary Nursing, but was unhappy in these roles. She came home for a few weeks between jobs to take the time to really think about what she wanted to put her hands to. Jyothi has always been a caregiver and when the opportunity presented itself to work as one she applied. Her new beginning started several months ago at Second Chance India - a home for the elderly. Jyothi is thriving and her employers love her dedication to the residents. "I just love taking care of people," says Jyothi.

The next chapter for our MPHWH (Multi Purpose Healthcare Worker) young ladies is finally underway. They have completed the mandated internships and now have their government certificates in hand. This is a very important milestone and allows them to apply for jobs at a government hospital, which comes with many important resources, job security and long-term learning possibilities. We are so proud of their hard work and commitment to the process - which in India can be somewhat arduous. Congratulations Sanjana, Bheemamma, B. Jyothi and Maheshwari.

# Happy New Year!

What a joy it was to have all the kids under one roof again to bring in the New Year. It is remarkable to see the families, the babies, the young adults playing with the babies. We truly are a family and that is a blessing beyond measure. Happy New Year from our family to yours. We are ready for what the new year brings and can't wait to share it with all of you.

100% of your donation goes to supporting our kids.

## Consider a Monthly Sponsorship

Sustainable giving in the form of a monthly sponsorship provides stability. For just \$49 a month, you can sponsor one of our kids and help us meet the needs required to maintain a quality education. This monthly support helps pay for a monthly metro pass, school supplies, tuition and more. You have the opportunity to ensure an HIV-positive young person goes to college and fulfills their dreams. **Be part of a life changing endeavor - give to Hope Now - a family, a home, a promise delivered.**
